EXPERIENCE

The Bridges Golf Club | San Ramon, CA — *Pro Shop Attendant*

Sept 2017 - Jan 2021

I started working at the Bridges Golf Club on my 16th birthday and work on and off during school. I maintained a great relationship with my superiors and went from cleaning carts to helping manage the golf course. I was in charge of other employees while I was in the pro shop to make sure it was a smooth operation and the best experience for our golfers. I dealt with billing members, merchandise, and anything my superior needed!
